

HOW TO INCREASE RESOURCES AND MOBILIZE COMMUNITY SUPPORT

Budget cuts have created challenges for school efforts to help homeless children and youth. In these lean times, it is more important than ever to gather support from community agencies and partners. This session will share examples and provide concrete strategies for increasing resources for homeless education programs. The presenter will provide tips on creating a wide range of supports, including in-kind donations and supplies. The presenter will share who to approach, what to approach them for, how to approach them and how to sustain and build relationships.
